

Guelph Chamber Choir

HATS OFF TO GERALD NEUFELD!

As many in the music world may have already heard, Dr. Gerald Neufeld, the founding Artistic Director of the Guelph Chamber Choir (GCC), who has served in that capacity for more than 30 years, has decided to retire from that position at the end of the Choir's 2017-2018 season.

As a result, the Guelph Chamber Choir is undertaking the very difficult task of replacing Dr. Neufeld, which will be quite challenging, taking into account his immense talent and dedication to providing the best in choral music in Guelph and the wider community. Through his leadership, the GCC has developed a national and international reputation for excellence.

If you visit the GCC website at www.guelphchamberchoir.ca, you will find there a published "Job Description" for the choir's Artistic Director, and the advertisement which will be circulated to a variety of choral music publications, the music faculties of universities and through other media.

The GCC is hopeful that this position will be of interest to a large number of qualified candidates, who will seek this position in order to lead the GCC into the future – a future which we believe will be every bit as bright and promising as the choir's success during Dr. Neufeld's tenure has been.

Check our website (www.guelphchamberchoir.ca) for details and updated information on our search for our new Artistic Director.
